

Torrance Library to Get Public Photocopy Machine

S. Geller reported to Supervisor Kenneth Hahn today that a photocopying machine is to be placed in the Torrance library within 60 days.

One of the first machines installed in the County Library system was placed in operation at the Hawthorne Library this week. A similar device will also be installed at the Gardena Library which is now nearing completion.

Rodeo Ducats Now on Sale

Tickets for the eight performances of the National Finals Rodeo scheduled for Los Angeles Sports Arena Tuesday, Dec. 1, through Sunday, Dec. 6, may now be purchased at the arena's box office.

Producer Lex Connelly announced that there would be six evening performances and matinees Saturday and Sunday.

The NFR brings to a climax the 1964 rodeo season and decides championships in the various rodeo events as well as the all-around cowboy title.

Classified as the "World's Series" of rodeo, the classic brings together the country's best stock and only the top 15 money winners in each event—bareback riding, calf-roping, bull riding, team roping, saddle bronc riding and steer wrestling.

The photocopying device will be operated by patrons following simple instructions which will be on the machine. The copier is activated by a coin dropped in the slot and it automatically produces a copy in nine seconds.

A compact unit, occupying less space than the average desk, the photocopier produces full size copies of documents up to 8½ by 14 inches. Each impression copied will cost 25 cents.

Supervisor Hahn said installation of the photocopying machine will provide a valuable new service to library patrons, particularly to students in completing their school assignments.
